### **SUMMARY**

Full Stack Developer with 1 year and 2 months of experience in Java, JS and Angular, Vue, React, Python, Flask, MySQL and AWS cloud. Delicated to writing clean, maintainable code and optimizing through refactoring.

# **EDUCATION**

# First Year English

### **Dagon Unversity**

# **EXPERIENCE**

### Junior Programmer

### DAT

DIR-ACE Technology Ltd. (DAT) is a dynamic and innovative company that was established in April 2013 through a groundbreaking collaboration between DIR, one of Japan's leading think tanks, and ACE Data Systems, a major IT company in Myanmar.

- Worked with Core Java to develop GUI desktop applications using Java Swing and Oracle Database
- Worked with Java to develop Rest API using MyBatis and Oracle Database
- Used GitHub and SourceTree for version control
- Worked with Virtual Basic using Microsoft Excel and Microsoft Access to develop DAT's internal tool
- Worked with a committee of 11 members to organise fun-activities for the employees

### Internship

**#** 01/2024 - 04/2024 Yangon, Myanmar

- Gained hands-on experience with Gorm, Gin, and PostgreSQL by building real-world projects.
- Acquired foundational skills in Linux, Red Hat 7, and Shell Scripting, culminating in a project presentation.
- Learned Spring Boot and collaborated in a team of three to develop the "Work From Home System" using Java Spring Boot, HTML, CSS, JavaScript, jQuery, Bootstrap, Spring Security, JWT, MySQL and Git for version control.
- Designed and Developed UI design for book store management system using CSS, HTML, and JavaScript.

### Internship

### **Pearl Yadana Vocational Training Center**

iii 11/2023 - 02/2024 ♀ Yangon, Myanmar

Pearl Yadana Vocational Training Center is an ITPEC-accredited institution where I completed foundational IT training. Following ITPEC FE certification, I engaged in hands-on projects to further develop my practical skills in software development.

- Worked with Java EE to develop the "Employee Management and Payroll Management System" using Java Spring MVC, JSP, MySQL and Git for version control
- Worked with Java EE to develop the "To Do List" application using Java Servlet, JSP and MySQL.
- Learn detail designs (Use Case Diagram, ER Diagram, Data Flow Diagram, Sequence Diagram)
